VOLUNTEERS MAY RELOCATE

Volunteers who were rejected for the J. A. Combat Unit and desire to relocate in or around Chicago will be released to report to Elmer Shirrell of the Chicago Relocation office, it was announced by Frank D. Fagan, Placement officer.

All volunteers who desire to do so are asked to make application at the Placement office.

MORE EVACUEES MAY LEAVE HERE WITHOUT DEFINITE JOB OFFERS

NEW PLAN ANNOUNCED

Project Leave Officer Lorne Huycke reported today the development of a new plan which will make it possible for more evacuees to leave the center on indefinite leave in advance of receiving definite job offers.

Where a WRA relocation officer feels that he could place more people than are now coming into his area, he supplies the project leave officer with information about the number of workers needed, the types of jobs open, wages, housing, cost of living, and other pertinent information about the community. The project director is then authorized to issue indefinite leave to evacuees whose skills seem to fit the request made by the relocation officer. Upon arrival in the com-

OKI LEAVES FOR SPOKANE

Louie Masaru Oki and 14 colonists left Sunday, May 23 for Spokane, Washington to accept apple orchard work with the Segerstrom Company.

Louie has been the personnel director of the Co-op since March, and will be missed by the Co-op employees, according to Frank D. Fagan, Placement officer.

community, evacuees will be helped by relocation supervisors and the local officer of the U.S. (cont. on page 3)

RESIDENTS WARNED TO BE CAREFUL IN USING WATER

Residents who are doing their own landscaping within their respective blocks were warned today by F.W. Slatery, chief of Public Works Division, that if an excessive amount of water is used, this Project may face a serious water shortage.

At the present time, it has been a difficult problem to keep sufficient water in the stor-

age tanks to have a dependable supply in case of fire. The situation is so serious that janitors have been instructed to refrain from using water before 9:30 a.m. each morning and that all laundry work within the colony (cont. on page 3)

NO 17 STAMP UNUSABLE HERE

Under the OPA regulation, the Co-op Shoe Store cannot accept Shoe Ration Stamp No. 17 from the colonists unless they have been certified by the Leave office that they are leaving the Project, it was announced by Masao Kawada.

These food production courses are

400% GAIN IN INDEFINITE LEAVES IN APRIL OVER MARCH

A sudden quickening was noted in the tempo of relocation, as the number leaving on indefinite leaves in April jumped in a 400 per cent increase over March.

The number totaled 158 persons, as compared to 31 of the

previous month, according to Miss Jean Komura of the Leave office.

This brought the total of indefinite leaves issued, through May 22, to 485. The largest group to leave in a single day on indefinite leave was a group of 25 that left on April 27.

Seasonal leaves through May 22 totaled 1759.

especially recommended to issei, as leading to desirable opportunities for relocation. Interpreters will be present to help register. Instruction in the Japanese language will accompany English language instruction in the classes if necessary.

Registration for the other OSYA courses will be held tonight, as previously announced.

NOTARY PUBLIC

Mrs. Helen Thomas, notary public, will be here on Friday, May 28, instead of on Tuesday, May 15, as was scheduled.

THIS SUNDAY'S BALL GAME

The first step toward having outside teams play here regularly will be taken when the Klamath Falls Elks invade the local diamond this Sunday, May 30, Memorial Day, to face the Project all-star team in a hardball contest.

Undoubtably the game will draw one of the best crowds in the city's history and our boys will probably put up a good performance despite the short practice period.

Since it is the first time that a Project team will play an outside squad, except for the weightlifters, and since the future of having other teams come here hinges on this first game, it is absolutely necessary that everything goes smoothly.

By everything we mean, mainly, the sportsmanship of the fans as well as the players.

Already this season in softball, the conduct of various participants and onlookers have led to fist-fights and the creating of much ill-feeling--an action for which there is no legitimate excuse.

If this sort of thing is carried over to the game this Sunday, then we may as well say "good bye" to the chances of having future meetings with visiting teams.

It is up to us, and we must prove that we are worthy of not only competing with those teams but that we are good sportsmen as well.

We will know after Sunday.

NYA OFFERS GOOD OPPORTUNITY

Tomorrow a group of 25 young men will leave the Project to enter the NYA resident training schools. The opening up of this school has been made possible after months of negotiation between the WRA and the NYA officials. Throughout the centers small groups are being recruited for this school. If the initial group of students prove successful, the NYA will in all probability open its door to another group of nisei.

Young nisei will have an opportunity to learn in a government sponsored institution a skilled trade which will be of great value to them not only for the duration of the war but afterward as well.

The NYA prepares its students for employment in war industries and students completing the course are assured of a job. The opening up of NYA facilities to the nisei is an indication that the government is fulfilling its program of restoring loyal Japanese-Americans to their rightful place in society.

If the experiment proves highly successful, thousands of young nisei will be entering a new field of employment which will give them an opportunity to make an important contribution to the war effort.

—THANK YOU— IN APPRECIATION

Words cannot express my most sincere, deepest appreciation to the doctors, nurses, nurse's aides, and the hospital staff for the kindest attention given to me during my recent hospitalization.
